

SmartWay Consulting

SmartWay Consulting Program

CostDown Consulting's SmartWay Consulting Program directs your company through obtaining SmartWay Partner status, provides all required reports and forecasts, works directly with your company's assigned SmartWay Account Manager, and helps you achieve the highest possible SmartWay Score.

PROGRAM OVERVIEW:

- Enroll your company as an EPA SmartWay Partner
- Fill out SmartWay's required FLEET worksheet to document your company's baseline performance
- Develop and submit required 3 year Goals and Action Plan that will reduce your Fuel Costs and Carbon Emissions and improve your SmartWay Score
- Provide your company's annual updates to SmartWay

PROGRAM SUMMARY:

1. Complete and submit Partner Enrollment Form that commits your company to reporting and improving carbon emissions and designates CostDown Consulting as your Designated Partner Representative.
2. Definition and submission of baseline performance on SmartWay's FLEET worksheet that defines current mpg, idling hours, fleet profile and existing strategies and technologies used to reduce idling time and enhance mpg performance.
3. Development and submission of SmartWay required 3 year Goal and Action Plan that will reduce your Fuel Costs and Carbon Emissions. Plan includes:
 - a. Targeted mpg and idling goals
 - b. Operations initiatives that reduce fuel consumption
 - c. Forecasted fleet profile and impact on mpg
 - d. Planned Technological improvements/investments that will reduce fuel consumption
4. Annual Updates of fleet performance on SmartWay required FLEET worksheet.

CostDown Consulting's SmartWay Consulting Program manages your SmartWay Partnership from cradle to grave; providing you with lower fuel costs, reduced carbon emissions and the high visibility of being a SmartWay rated carrier.
